Georgia Drug Card Breast Cancer Awareness Promotion

(Atlanta, GA) The Georgia Drug Card is a statewide free prescription assistance program. Any resident of GA can use the Georgia Drug Card to save on prescription medications. This includes residents with high deductible plans, or that take medications not covered by insurance, or if you have no prescription coverage. You can print a free card by logging on to www.georgiadrugcard.com or you can walk into any CVS/Pharmacy and request to use the Georgia Drug Card program.

Throughout the month of October for every person that uses the Georgia Drug Card a donation is being made to the Breast Cancer Society.

For more information contact Program Director, John A. Cenerazzo.

Phone: 404-630-4500 or email- johnc@georgiadrugcard.com
